18 known to the Secret Service and the USA's Office, having a
19 history of writing similar letters, the threatening letter is
20 not being forwarded to the FBI Laboratory for examination,

In his letter of August 27, 1975, back to [REDACTED] confirmed receipt of [REDACTED] letter, advising [REDACTED] his letter was somewhat vague and suggesting that his confinement is entirely lawful but if he challenged the legality of his initial arrest, that was a matter he should present as a defense to the charges at his trial in the State Court. He also notified [REDACTED] he would forward a copy of [REDACTED] letter to Judge DUPREE to the Federal Bureau of Investigation (FBI). b7c

20 On August 29, 1975, [REDACTED] advised the first letter
21 from [REDACTED] was dated August 21, 1975, and he answered that
22 letter advising [REDACTED] as reflected above and sent a copy of
23 his response to the FBI, Raleigh, North Carolina, along with
24 a copy of [REDACTED] letter. b7c

25 On September 2, 1975, [REDACTED] furnished the original
26 copy of [REDACTED] letter.

4 On September 2, 1975, Assistant United States
5 Attorney WELDON HOLLOWELL, Eastern District of North Carolina,
6 Raleigh, North Carolina, advised he is well acquainted with
7 the subject, noting as he recalls the subject was tried before
8 Judge LARKINS in United States District Court, Eastern District
9 of North Carolina, several years ago in connection with another
10 threatening letter and during the course of that trial the
11 subject, while at the defense table, removed his shoe and
12 threw it at the Judge.
13

14 HOLLOWELL also recalled during the course of that
15 trial a Psychiatrist testified the subject's brain was
16 deteriorating, and that in several years he would be nothing
17 more than a vegetable.
18

19 It appears, although the subject is currently in
20 Central Prison awaiting trial in Durham, North Carolina, on
21 State charges, he is mentally defective and it is unlikely
22 Federal prosecution would be considered for the threats made
23 in his letter to Judge DUPREE. However, Mr. HOLLOWELL
24 requested the subject's current confinement and the nature of
25 that confinement be determined and any information concerning
26 his current mental condition be determined.

It should be noted on October 2, 1972, [REDACTED] contacted the Wilson, North Carolina, Police Department, advising he wanted to make a threat against the President. He said he wanted to be charged with a Federal felony and could be sent to a Federal hospital in Springfield, Missouri. He said he had no actual intention of harming the President since he has never owned a gun in his life. He considered robbing a bank but felt he might hurt someone during it. He said at that time he spent most of the last 13 years in jail or in a mental institution and he was only making this threat so he would be taken into Federal custody.

In reference to that threat, on October 3, 1972, Special Agent [REDACTED], United States Secret Service, Charlotte, North Carolina, advised the subject was confined at Umstead Hospital, Butner, North Carolina, October 3, 1972 for treatment.

In addition, it should be further noted on March 14, 1970, [REDACTED] wrote a letter to President NIXON threatening his life and the lives of Judge LARKINS and then North Carolina Governor BOB SCOTT. Secret Service, Charlotte, North Carolina, advised at that time [REDACTED] was well known to them as he had written numerous threatening letters to the President.

On April 2, 1970, Assistant United States Attorney DAVID L. COOPER, Eastern District of North Carolina, declined prosecution since at that time [REDACTED] was confined in Cherry Hospital, Goldsboro, North Carolina, and psychiatrists at that hospital felt he would be mentally incapacitated in two years.

Rockefeller-Enemy Of The People

We demand that the dinner to be given "in honor of Nelson Rockefeller" at the Waldorf-Astoria on February 1975, be cancelled.

We demand that this campaign be publicized in the mass media to explain the cancellation of the dinner. If these two demands are not fulfilled we will bomb the reception and dining areas.

We are sending this warning so that a large number of people will not be harmed. Our demands are serious. Of course we recognize the decision of Rockefeller as Vice President and the Capital now poses.

Rockefeller owns and controls 100% factors of the American and world economy through his domination of organizations and foundations. This domination is particularly evident in his control bank and also through his control of the population of energy and food. Rockefeller has made huge profits for instance from the so-called energy and sugar shortages (Exxon, Con Ed, Edison). His corporations (Dominio sugar and Amstel) sought to buy him. Rockefeller has always sought to solidify his corporate power and to obtain participation in and the top-level government.

As governor of New York State, Rockefeller built both his political and corporate position at the expense of people on welfare, child care, daycare and school, those in employment and those imprisoned in mental hospitals, old people in homes, drug programs and The Attica uprising was the most significant threat to his control. Rockefeller was responsible for 42 deaths at

Since Rockefeller became Vice President he and his family have introduced an economic program to increase military spending in Vietnam and spending on domestic programs, development and living services.

Rockefeller and his right-wing Kissinger continue to support war threats in the Middle East and imperialist aggression in other third world countries such as Puerto Rico, Chile and South Africa. As Vice President, Rockefeller has increased the

The so called energy crisis and sugar shortage through his corporations Exxon, Con Edison and Amstar (Dom. Sugar)

Rockefeller has always sought to consolidate his corporate power and profit by direct participation in & control of government

As Governor of New York State Rockefeller built both his political & corporate position at the expense of people on welfare, children in day care & schools, the unemployed and those imprisoned in mental hospitals, old peoples homes, methadone programs and jails. The Attica uprising was one of the most significant threats to his control. Rockefeller was responsible for 43 deaths at Attica.

Since Rockefeller became Vice President, he and his lackey Ford have introduced an economic program to increase military spending in Vietnam & Cambodia while drastically raising unemployment and reducing social services.

Rockefeller and his side-kick Kissinger continue to step up war-thrills in the Middle East and imperialist aggression in other Third World countries such as Puerto Rico, Chile and So.

Kennedy - Enemy of the People

We demand that the dinner "To honor Nelson Rockefeller" at the Waldorf Astoria on February 15, 1975 be cancelled.

We demand that this Common cause be publicized in the mass media to explain the cancellation of the dinner.

If these two demands are not met, we will bomb the reception and dinner areas.

We are sending this information so that a large number of people will not be harmed. Our demands are serious because we recognize the danger which Rockefeller as Vice President & ruler of Capital and pose.

Rockefeller owns and controls key sectors of the American and world economy through his multi-national corporations and foundations. This domination is particularly evident now through his control and manipulation of energy and food supplies. Rockefeller has made huge profits, for instance, from

As Governor of New York State

Rockefeller built both his political & corporate position at the expense of people on welfare; children in day care & schools, the unemployed and those imprisoned, mental hospitals, old peoples' homes, reeducation programs and jails. He is one of the most

Rockefeller was responsible for 43,000

Riots uprising was one of the most

at Attika. Since Rockefeller became Vice President, he and his lackey Ford have introduced an economic program to increase military spending in Vietnam & Cambodia while crashing the economy & unemployment and reducing social services to the poor on his side-lines.

Rockefeller and his side-kick Kissinger continue to step up their influence in the Middle East and Imperialist aggressions in other Third World countries such as Puerto Rico, Chile and so on.

As Vice President Rockefeller has
increased population control programs
and specifically of Third World women
both here and abroad.

People all over the world are
resisting Rockefeller and the imperialist
domination he represents. The victory of
the Vietnamese people was a major blow
to this domination. The growing resistance
in Chile is threatening the U.S. supported
fascist government there. The Puerto
Rican people are fighting for self-
determination. The Chilean uprising
the Wounded Knee takeover symbolize
a growing resistance in this country.
We find the flaunting of wealth
and decadence at a \$175 a plate
dinner for Rockefeller disgusting.

so-called energy crisis: Sugar shortage brought his corporations Exxon, Con Eds, Amstar (Tenneco Sugar)

Rockefeller has always sought to consolidate his corporate power & profit by direct participation in & control of government.

As Governor of New York State, Rockefeller built both his political & corporate position at the expense of people's welfare, children in day care & school, the unemployed, and those imprisoned in mental hospitals, old people's homes, medical programs & jails.

The Attica uprising was one of most significant threats to his control. Rockefeller is responsible for 43 deaths at Attica.

Since Rockefeller became Vice President, he & his lackey Ford have produced an economic program to both military spending in Vietnam & Cambod. & drastically raising unemployment & reducing social services.

Rockefeller & his side kick Kissinger have to step up war threats in the Middle East and imperialist aggression.

3 Puerto Rico Chile and South Africa
4 As Vice President, Rockefeller has
5 increased population control programs
6 aimed specifically at Third World countries
7 both here and abroad.

8 People all over the world are resisting
9 Rockefeller and the imperialist domination
10 he represents. The Victory of the Vietnamese
11 people was a major blow to this domination.
12 The growing resistance in Chile is
13 threatening the U.S. supported fascist
14 government there. The Puerto Rican freedom
15 struggle fighting for self-determination. The
16 Attica Uprising & the Wounded Knee
17 Takeover symbolize a growing resistance
18 for this country.

19 We find the flaunting of wealth,
20 and decadence at a \$175 a plate dinner
21 for Rockefeller disgusting.

22 We are resisting!

23 The people want liberation!
24 Venceremos!
